Spring 2009 Oswald International Student Fellows

The Office of International Programs would like to announce the Spring 2009 Oswald International Student Fellows. The following students will receive a \$1000 award to be used during the spring study-abroad programs:

Jeremy Brickner (B Section, Mechanical Engineering, Venetia, PA) studying in Konstanz, Germany.

Joseph Giangreco-Marotta (A Section, Mechanical Engineering, Blasdell, NY) studying in Esslingen, Germany.

Alexander Kim (B Section, Mechanical Engineering, Troy, MI) studying in Esslingen, Germany.

Austin Szelkowski (B Section, Mechanical Engineering, Fowlerville, MI) studying in Esslingen, Germany.

Kenneth Weimer (A Section, Computer Engineering, Tawas City, MI) studying in Ulm, Germany.

The Oswald International Student Fellows Program provides financial grants for travel and living expenses for Kettering students involved in the international exchange program. Thanks to a generous gift from Kettering alumnus and trustee Bob Oswald and his wife Marcy, the University is able to award 10 Oswald International Student Fellowships for the Spring and Fall terms each year. Grants are awarded on a competitive basis. Consideration is given to the financial needs of students, the student's plan for the expenditure of the grant and the country to be visited. The \$1000 travel grant is in addition to the \$1500 Kettering travel stipend provided for study-abroad students.

Congratulations to Jeremy, Joseph, Alexander, Austin, and Kenneth!

For more information about the Oswald International Student Fellowship, please contact the **Office of International Programs and Study Abroad** at extension 9869.
