Parents' Association Secretary is still needed. Requires 4 meetings each year. See Ron, Mike or Diane if interested.

Next meeting: February 7, 2004. It was suggested that an RA be at our meeting during Family Days to answer Thompson Hall questions. Also, for the next meeting have someone from IT come to discuss what improvements have been made in the servers in Thompson Hall at Kettering.

Parents asked about the slowness of the server in Thompson Hall and about the amount of noise in the halls during the afternoon in Thompson Hall (specifically Unit 24). Diane will find out the answers to these questions and put them in the next newsletter.

Suggestions for next year's Family Day:

- Have workshops repeated so parents could attend more of them.
- Add the Health workshop.
- Keep Study Abroad, Students Success and the Thesis Workshops

Respectfully submitted,

Diane Vyvyan
